Dear Bill,

Re: Autodesk Sales Training in Asia Pacific (Manufacturing Group)

I would like to thank you for your effort in conducting 3 successful sales training programs in Asia Pacific last year and this in 7 different countries. The feedback I received from my direct reports and the resellers is very positive and we are seeing a lot of improvement in their sales skills.

We are looking forward to work with your company in the near future!

Warm Regards

Yves.Dehouck@autodesk.com
